NAFCU's CU Performance Benchmark is available at no cost to NAFCU members at www.nafcu.org/research
Data Source: NCUA aggregated call report figures from www.ncua.gov/DataApps/QCallRptData/Pages/FPRAggr.aspx Detailed Financial Performance Reports (FPR) for individual credit unions are available at http://fpr.ncua.gov/
Net worth ratio: credit unions have several options in how to calculate assets- we use the option chosen by the credit union. NAFCU uses a different method for computing ratios than NCUA does in their FPRs.
NCUA uses prior year-end (PYE) values for average assets and current quarter annualized values in numerators.
NAFCU uses same period last year (SPLY) values for average assets and four quarter moving averages in numerators.
Using SPLY rather than PYE tends to minimize seasonal fluctuations.
Net Income Components:

| Interest Income | $\underset{\text { Expense }}{\text { Interest }} \quad+$ | Operating Income | Operating Expense | Provision for Loan \& Lease Loss | $=$ | Net Income |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Loan Interest Investment Income | Dividends on Shares Interest on Deposits Interest on Borrowings | Fee Income Other Operating Income | Employee Compensation Travel <br> Office Occupancy <br> Office Operations <br> Educational/Promotional Loan Servicing Professional \& Outside Member Insurance Exam \& Supervision Miscellaneous |  |  |  |

Performance ratios when divided by average assets:

| Interest | Cost of |  |  |
| :---: | :---: | :---: | :---: |
| Yield on | + | Operating |  |
| Income | Operating | - | PLLL Ratio |
| Assets | Ratio | Rense | Ratio |
