

PENTEGRA Quick Facts

Retirement plan and fiduciary services for better plan outcomes

Pentegra is a fiduciary first.

Pentegra is one of America's oldest, most experienced independent institutional fiduciaries. In fact, we were built to be a fiduciary. We were founded some 80 years ago as a Named Plan fiduciary—long before the role formally existed under ERISA. Our heritage as an institutional fiduciary guides everything we do, delivering a high standard of care and deep expertise to drive successful retirement plan outcomes.

Our History

- An 80 year legacy serving as an institutional fiduciary
- More than \$13 billion in assets under administration/management
- Serving more than 30,000 retirement plans with over one million participants
- A level of fiduciary expertise and oversight unmatched in the industry today
- One of the largest and most experienced Multiple Employer Plan (MEP) providers in the nation
- An independent fiduciary organization
- A board of directors comprised of our clients; we answer to those we serve

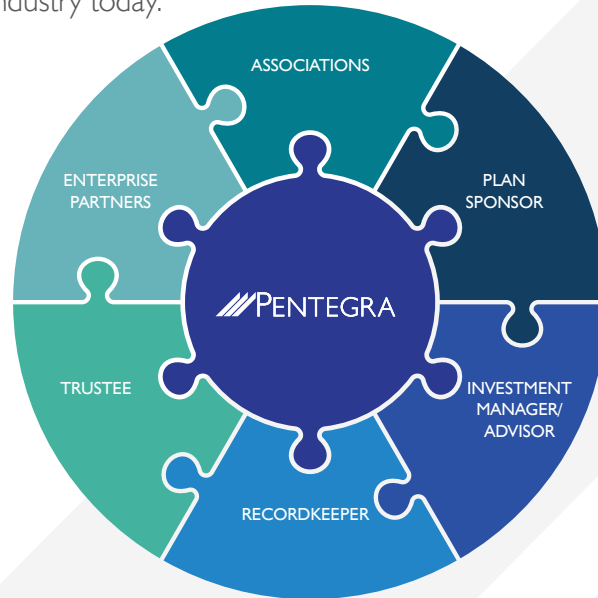

Fiduciary Legacy

- As a fiduciary, we provide expert oversight and in-depth knowledge, shouldering much of the work and assume legal responsibility for managing a retirement plan.
- Clients have the assurance of knowing their plan is well designed, well managed, and compliant and enjoy the confidence of working with experts who are impartial and always put the client's interests first.
- Plan sponsors and participants, advisors and professional partners enjoy a higher level of protection—and the peace of mind that having a professional on board delivers.
